

Thank you for your purchase of Kegconnection's CO2 Air Distributor/Manifold. We take pride in our manufacturing process and believe in providing the best support in the industry. We are a mom and pop operation and our experienced technicians assemble this product in the United States. We welcome your feedback and reviews!

#### **Warranty**

This product comes with a 5 year warranty on parts and labor. If you have an issue with this product contact us via [help@kegconnection.com](mailto:help@kegconnection.com) or call us at 325-356-5204. We will repair or replace this product during this warranty period. Items out of warranty can usually be repaired as well. If you need a warranty repair, simply send the product to us (after contacting us) and we will repair the product and pay the return shipping. In some situations, the product can be repaired by the customer using parts supplied by us and will not require a return (this is at the customer's request, we are always happy to do the repair). These products are well constructed and rarely need repair.

#### **Instructions**

This air distributor is designed to be used with draft beer and soda applications. As with all draft beer equipment it was designed to be used at below 60 PSI. Use extreme care with using compressed CO2 or Nitrogen gas and NEVER use this product without a beer regulator. Hose clamps should be used on both inlet and outlet side. The valves are check valve, so air on the outlet side will only flow out, do not try to force air inward on these valves. The check valves are used to keep liquid from coming back into your air system during a negative pressure situation. The valves can be turned off in either direction. On is pointing at the hose and off is pointing away from the hose all the way to the left or the right.

Thank you again for your purchase. We would appreciate it if you can leave a review of this product. We want you to be 100% so satisfied as our customer, so don't hesitate to contact us if we can help.

## **Need help?**

**We look forward to you contacting us! We're a small business who provides a superior customer service experience and will make sure you're taken care of!**
